Let’s Dive into the Sea

Written by: Lucie Folvarčná

Age: 8-9 (3rd grade)

Time: 2 lessons

Objectives:

- to learn and reinforce vocabulary connected to the sea through listening and speaking activities

- create an artwork using a combined technique (drawing, painting, origami) to express the sea theme

- to collaborate and communicate in pairs or small groups during interactive activities

Language:

- vocabulary:

1) sea and summer-related words (sea, waves, sun, holiday, summer, fish, shell, octopus, whale, shark, jellyfish, starfish, turtle, crab, seahorse, boat),

2) Colours and materials (blue, white, paper, draw, paint, markers, watercolours …)

- basic sentence starters like “It is…”, “I see…”

- skills and language practise (listening for specific words in a song, pronouncing and naming objects, matching English words to Czech meanings and pictures)

You will need:

- audio playback device

https://www.youtube.com/watch?v=7pMEQsk3c5Y&list=RD7pMEQsk3c5Y&start_radio=1

- A3 drawing paper

- white wax crayons, watercolour, brushes and water cups

- colour paper (various colours), markers and coloured pencils for decorating, glue stick

- printed worksheets (listening activity)

- vocabulary picture cards (English–Czech–image matching)

The first lesson:

1. Teacher greets children and introduces the topic and explain the objectives of the lesson.

2. Children listen to the music and walk around the classroom. When the audio stops, each child pairs with the nearest classmate and says one word connected to summer, the sea, or holidays.

3. Children draw waves with a white wax crayon on A3 paper. Then they paint over the waves using different shades of blue watercolour.

4. Children receive a worksheet and listen to a sea-themed song, circling the words they hear.

The second lesson:

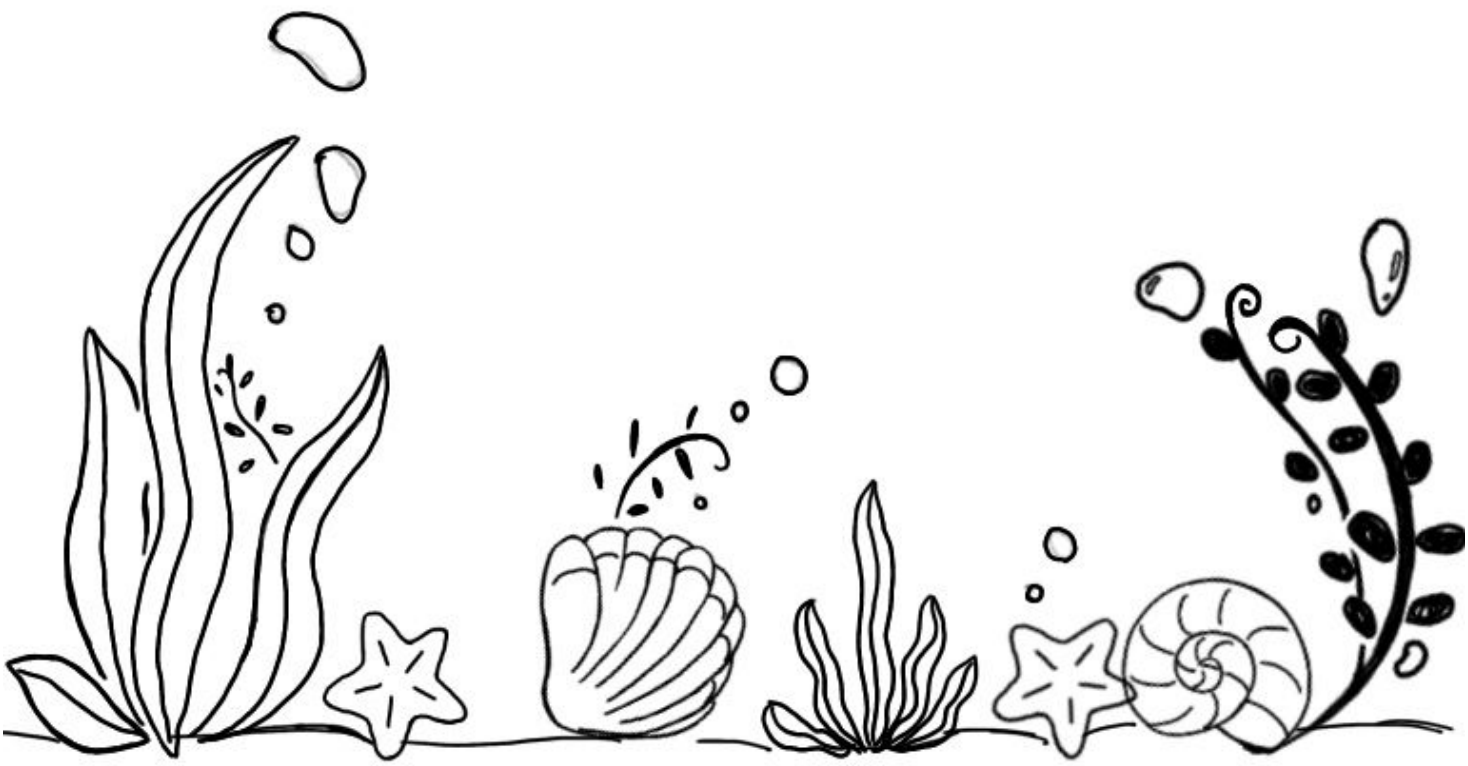

1. Children fold an origami boat following the teacher's instructions. Then they decorate their boats with markers or coloured pencils and give them names. When the painted backgrounds are dry, children glue their boats on the paper backgrounds.

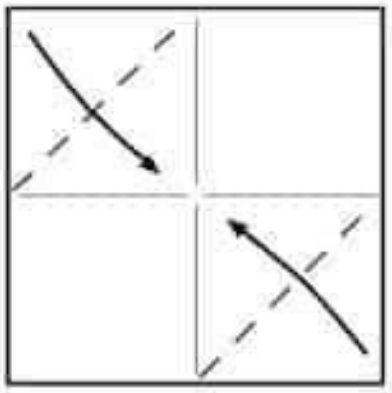

2. The teacher introduces flashcards, and children match pictures with English and Czech words. They can work alone or in pairs.

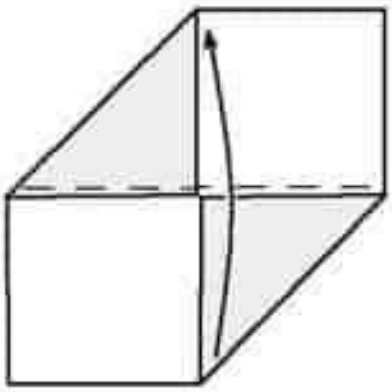

3. The lesson ends with singing the same song again, using the words they have learned.

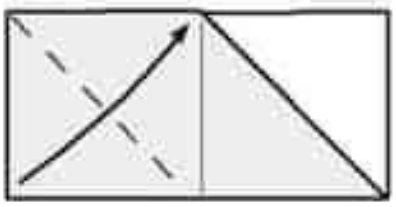

Listen to the song and circle the words you hear!
